*Founded in 1983 by Laurence and Dorothy Shaw*

March 10, 2009

Dear Grant Application Reviewers:

I am writing to document the Shaw Historical Library's support for the tourism grant application "Legacy of Bravery Tour."

The project's approach of highlighting the county's long-standing military ties to attract visits by veteran makes creative use of our history. The proposal helps bring Kingsley Field, one of our large employers, into county-wide efforts to create improve tourism.

We see some obvious ties to our organization with this project because the library holds many items related to the County's military history and in 2003 published the book, *Service and Sacrifice: the Klamath Basin through Two World Wars*.

We look forward to working with this group in their efforts.

Sincerely,

Anne Hiller Clark  
Shaw Librarian
